My Story

The National Fund provides Nazi victims from Austria with the opportunity to have their life story published on the National Fund website and/or in a future volume of the series "Lives Remembered".

You can write your life story especially for publication by the National Fund or send us autobiographical testimony that you have already written.

If you are interested in having your life story published or would like to publish the story of a family member who has passed away, you are most welcome to contact us at lebensgeschichten@nationalfonds.org.

You can write your life story especially for publication by the National Fund or send us autobiographical testimony that you have already written. (c) National Fund
